SMART DESIGN COMES TO LIFE

Face time: Marula oil

Move over argan, almond, and olive: For the face, marula oil is tops. Extracted from the African marula tree, it has even more wrinkle-fighting antioxidants than the other guys. Look for the oil du jour to pop up in anti-aging products. My current fave: Drunk Elephant Virgin Marula Luxury Facial Oil, (\$72; drunkelephant.com), from a Texas-based indie beauty brand.
