Organic Corn: A Golden Gift from Nature

Enjoy the Sun-filled Flavour of our Organic Corn Cakes

We are proud to introduce a brand new addition to the Clearspring European range, **Clearspring Organic Corn Cakes**. They are made in Belgium with 99.7% **organically grown, GM-free corn**, and 0.3% **Traditional Sea Salt**, unrefined to ensure that all its healthful mineral properties are retained. Gently puffed, these **light and crispy** cakes are a delicious snack either straight from the pack or served with toppings or spreads as a great alternative to bread.

With a hint of crunch and a hint of popcorn, they are wonderfully moreish and a surefire lunchbox hit too. Try them smothered in black olive paste and topped with a corn and mango salsa, or spoon over some Creamy Dill Dip and add chopped walnuts and pomegranate to taste.

As with all our products, **Clearspring Organic Corn Cakes** have been developed as a healthy way to enhance any diet. As well as tasting great, these Organic Corn Cakes are **gluten free**, a **great source of fibre** and contain **less than 5% fat**.

Clearspring Organic Corn Cakes join the popular range of **Organic Puffed Rice Cakes**, currently available in **Unsalted, With Sea Salt** and **Multigrain with Sea Salt** flavours.
