Smoother, Milder Miso

Introducing the new Clearspring Organic Instant Miso Soup Paste

Individual servings of instant miso soup have been given an exciting new makeover by Clearspring. Previously only available as a powder, this new product makes Clearspring's premium quality miso available as a paste in 15g single serving sachets. This is the UK's first individual sachet, organic paste miso soup. Its unique formula guarantees a velvety smooth textured soup that's quicker and easier to dissolve in hot water.

This new soup paste is bursting with all the usual authentic rich and savoury Japanese flavour you would expect from Clearspring. The combination of high quality, organic brown rice miso, and kombu and wakame sea vegetables works beautifully to provide a nourishing and tasty soup when you're in a hurry. At only 17 calories per serving, it is low in fat and the soya bean protein base means you'll feel fuller for longer, making it a great alternative to regular savoury snacks which can quickly notch up the calories.

If you're looking for a healthy, satisfying soup, whether at home, at work or when travelling, the single serving sachets of new **Clearspring Organic Instant Miso Soup Paste** are the ideal choice.
