

MK SHOWER CLEANER

DIRECTIONS: Read entire label before using. **IMPORTANT:** Use full strength. Do not dilute. For daily use: Immediately after showering, spray **MK Shower Cleaner** directly onto shower walls and glass and wipe down using a rubber squeegee. For routine cleaning of a dry shower: Spray **MK Shower Cleaner** directly onto shower walls, glass and fixtures and wipe down with a wet sponge or clean terry towel and let air dry.

For lightly stained grout: Spray **MK Shower Cleaner** into soiled areas and agitate with a soft bristle hand brush or scrubbing pad. Wipe surface with a terry towel and clean water and let dry. For heavier soiling and stubborn mildew stains on grout and tile surfaces, use **MK Mold & Mildew**

Remover. For surfaces susceptible to mold or mildew, apply **MK Mold & Mildew Shield.** Use **MK Grout Sealer** every 12-18 months to make cleaning easier, provide a layer of protection against dirt and grime and maintain the natural beauty of grout surfaces.

MK Shower Cleaner

is another custom blended product made in the USA for
