BELT CRAFT

Our Story

Before BeltCraft, there was a huge void in the men's fashion market: belts. Designers look at belts as an afterthought, throwing plain black or plain brown synthetic leather belts in their stores. We decided it was time that somebody offered men a choice in belts. We are uniquely positioned to give men belts in any color, any material, in any size. Nobody else can do that.

Our Mission

- 1) **Quality.** Top Quality Materials and American craftsmanship.
- 2) **Accessibility.** "Off the Rack" prices in line with vertical retailers
- 3) **Service.** We make belts in 1-5 days from the order and take all special requests.

BELT CRAFT

Our Guaranteed Fit & Quality

BeltCraft has the unique ability to guarantee our products. Since we make every belt one at a time, we can nail every last detail

- Customers can exchange their belts for free to have them resized
- Customers can return their belts at any time to fix any problems

BELT CRAFT

Competitive Pricing

At \$50-\$75 per belt, we have the best prices for belts made of full-grain leather or real calf suede

American Made

We support American manufacturing and utilize our great craftsmanship here

Unique

Nobody else sells belts in various colors, with different loops, stitching and buckles. We allow men to find their perfect belt to complete their outfit.

Customized

We give customers exactly what they want

BELT CRAFT

How It Works

1. Custom Design

Use our “Craft Yours” tool to visualize your design as you do it. Choose everything down to the last stitch.

2. Choose Size

Measure your waist or just go off your pant size. Order 2” above your pant waist size or 2-3” if you are in between sizes.

3. Post Design

We post your design for other visitors to purchases. We reward you every time someone else buys your design.

4. Show Off

Customers design exactly what they want so there is a sense of ownership of their design.
