

Noise Maker Template

This is a great tool to make custom noise maker sleeves using our gift wrap!

Directions:

1. Print this page and cut out template along solid line. There are 2 templates below.
2. Cut on dotted lines. Make sure the opening is large enough to accommodate your particular noise maker.
3. Trace template onto the back of the gift wrap. (You don't want your tracing to show on the front!)
4. Cut along traced lines.
5. Slide noise maker (mouth piece first) through the 2 openings.
4. Make some noise and enjoy!
