Kenneth Ludwig Home Furnishings, Suite 1510 Appointed the exclusive Midwest representative for Beeline Home by Bunny Williams, Kenneth Ludwig is thrilled to partner with such an infamous and prestigious interior designer. In Bunny's own words: "The collection is expressive and unique. As I've found in my own design work, pieces often work together not because they are alike but because they are different. Beeline Home consists of: side tables, bedside tables, lamps, chairs, mirrors, drinks tables, and upholstery. I encourage you to combine them in ways that create your own version of 'The Mix.' Our goal is to ensure that each handcrafted item is constructed of the highest quality, yet competitively priced." - Bunny

Kravet, Suite 6-128 Sta-Kleen Performance Fabric is a true revolution in faux leather upholstery. A proprietary binding process makes this fabric impermeable. You can simply dry-erase even the toughest of stains for easy cleaning. Sta-Kleen protects furnishings in high traffic areas against stains, marks, drips, and drops, with no need to use active solvents or other harsh chemicals. Simply rub out most stains and marks with a dry cloth, or at most, with an ordinary household rubbing alcohol on a clean cloth. Sta-Kleen is the first faux leather with a hand and tactile feel closest to real leather, the first truly cleanable faux leather upholstery has built-in protection that allows for design freedom, with a vast array of patterns and colors from which to choose.

Lee Jofa, Suite 6-136 Groundworks introduces silhouette prints, a new collection of four exclusive print designs. Combining bold and graphic patterns with vibrant colors, the collection is printed domestically on a selection of fine 100% linen or linen and cotton union ground cloths.

LinenMe, Suite 1524A LinenMe's new collection of pure linen and mixed linen fabrics for curtains consists of several hundred different colors and shades. Custom curtains, tailored by experienced masters, according to your client's specifications are also available. LinenMe offers top quality pure linen items for bath, table, and bedding, gorgeous patterns and colors of cashmere, alpaca, merino, angora wool throws and natural wood furniture. Custom sizes available, all products are made in Europe, Lithuania.

Martin Wood, Suite 1616 Martin-Wood is pleased to announce the Metal Bed Collection as its newest addition to the showroom. Choose from numerous finishes and styles. A great line for designers who want something made from their own design as they do custom beds, cocktail tables, benches and much more. These pieces are hand made from recycled metal. Something every customer will appreciate.

Melvin Wolf, Suite 1674 It's a new year at Melvin Wolf! See the new products from Bradshaw design in exciting new finishes, new lighting and new accessories. All available from the floor!
