Best SHOW OF ENTHUSIASM

DO YOU LOVE the IE? Pomona's Justin Hudson does and hopes his recently patented logo will help you say so, too. The 2005 graduate of Riverside's King High School recently launched a website, 1loveIE.com, showcasing products that carry his logo. The stylized heart-shaped design symbolizes the inclusiveness of community when people work together. "I wanted to create a movement built around peace, love, unity and giving back that unites communities across the world, starting here in the IE," he says. Baseball caps come in several colors and start at \$26. Beanies and T-shirts are also available.
