Arpaia Lang Classic Collection

This bracelet is from the Arpaia Lang Classic Collection. Each heirloom piece is crafted with museum-grade quality for beauty and longevity, and all chains have exceptional drape and balance for superior comfort. Our hand-woven chains are designed with simple elegance for everyday wear.

Special Care Instructions

Do not wear while sleeping, swimming, showering, bathing, exercising, playing sports, working with chemicals, or house cleaning. Last On / First Off: Put on last after grooming and take off first before retiring.

CLEAN WITH SOFT MICROFIBER CLOTH AFTER EVERY WEAR BEFORE STORING. As needed, wash in warm water with mild soap (non-detergent) using a clean soft cloth or soft toothbrush. Use hairdryer to dry or lay piece flat on a clean towel and gently wipe off water with dry soft cloth. If a more thorough cleaning is needed from time to time, this necklace may be cleaned by ultrasonic or steam cleaner.

Do not use tarnish removers, toothpaste, abrasives or other harsh agents to clean this bracelet – the beautiful surface finishing and precious metals could be damaged or permanently ruined.

See Gems 101 for more jewelry care information.

If necklace breaks or a link opens, the metal should be fusion welded and not soldered to avoid weak spots. Arpaia Lang provides expert jewelry repair services, and we supply quote in advance of performing work.

If necklace becomes discolored (develops a tarnished patina) and no longer possesses a bright white and lively finish (looks dull and gray), it may need professional cleaning or refurbishment. Contact Arpaia Lang for assistance in this regard.
