

## Prytania One Light Sconce

The Prytania One Light Sconce is a romantic, Victorian inspired brass sconce with beaded tassels and cast brass bobeches made in Italy. It has one E12 candelabra base socket.

The raw brass will develop a patina over time or can be polished occasionally to retain it's beautiful brassy sheen. We love these sconces as a pair in a bathroom remodel or in a long hall as accent lighting.

Made to order by our team of light makers in New Orleans, LA. UL Listed for dry locations, indoor use. Damp rated sockets available by request.

Additional tassel colors may be available by request
