TRADER FEEDBACK

GEMBURRITO

“I think Revolver did a fantastic job. To feel needed and actually like added value to an event is a very special feeling to create. It makes the event worthwhile. To feel like family within the first half an hour definitely sets a community spirit”

GOODNESS GRACIOUS

“I think Revolver Retail did a great job, always hands on and always around to give help and advice. I can honestly say they were probably the best team of organisers I have ever worked with in 27 years!”

RICOS PIZZA SHACK

“Honestly, I have been working for Ricos Pizza Shack for over 3 years now, in many different events with different organisers and working with Revolver Retail was the best experience so far in terms of event management. All staff were helpful, attentive and nothing was too difficult”
