## AUTO EMBLEMS

Our emblems are retail packed in a crystal clear, durable plastic bag with header hang card for great visibility in your shop. Custom displays are available upon request.

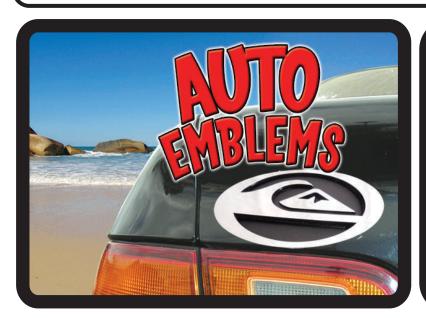

All of our auto emblems are made from a durable recycled ABS plastic which is hot stamped with an outdoor chrome that is weather resistant and will not fade or chip. They are outfitted with a super strong, double-sided, self-adhesive automotive grade tape that will adhere to any flat surface without damaging the surface. Actual Emblem and Decal sizes can be found on our website
