

Extra Large

Large

Medium

Small

**Measure from the wrist
to the top of the longest finger**

Tip of the longest finger should just touch the top edge of the box for best fit.

If uncertain of size, it is safest to go with the larger size.

Scale Test

To ensure accurate mitten size, please measure the box below with a ruler. The box should measure $\frac{1}{2}$ " tall by $1\frac{1}{2}$ " wide. If the box does not match those dimensions, please check your printer settings to make sure that scaling is turned off.

Wrist
