## Conventional Posts & Ropes

**The classic post and rope configuration brings back the elegance and nostalgia of years past.**

With a durable tie-rod construction, these posts represent true American quality. The graceful swag of the ropes are a result of the tightly woven core, which is wrapped in your choice of high grade material.

We now offer luxuriously soft micro-fiber, which can be Dye-Sub printed to match nearly any color or pattern of your choice. We also offer environmentally friendly 100% recycled leather for a high-end look. Ropes are also available in durable naugahyde, plush velour, or outdoor-suitable braided polypropylene.

These American classics have created the line for distinguished applications.

Specialty Finishes	Class 1,2,3	Class 1,2,3	Class 1,2,3	N/A

**Signage:** easy to add. Top will be drilled and tapped for no charge when specified (excludes ball top).

**Forged ring:** Thick and strong, rounded so it's safe. Accepts 1.5" diameter heavy weight cotton core ropes.

**Outdoor use:** several finishes can be modified for outdoor use.

**Durable tie-rod construction:** full length center rod keeps tension between the post cap and base to ensure they will not loosen and fall apart over time.

**Heavy construction:** components will last for years and are more resistant to denting.

**Rubber floor protectors:** standard with all bases.

Specialty Finishes	Class 1,2,3	Class 1,2,3	Class 1,2,3	Class 1 & 2

## Rope Options

All ropes are handcrafted per order and include durable snap ends in your choice of finish. While you can't see the extremely high-quality and dense woven cotton core\* inside the covering, you can feel the difference when you hold it and when you see the elegant swag it creates between two posts. Each luxurious covering of your choice is fully customizable in a wide range of colors, and our new Dye-Sub printed microfiber can showcase nearly any image or logo of your choosing.

### Microfiber

- ▶ Feel luxury on your fingertips with our new microfiber rope option. It's soft, strong, easy to clean and 100% polyester. In addition to our standard color offerings, dozens of other colors are available upon request.

### Velour

- ▶ Our classic, elegant velour has been the standard at red carpet events for years. It is available in 11 different colors. The heavy weighted cotton core keeps the ropes semi-rigid for that timeless quality look and feel.

### Naugahyde

- ▶ Durable, easy to maintain naugahyde is suitable for mild outdoor use and wipes clean when necessary. Ideal for sidewalks and outdoor food establishments.

### Dye-Sub Microfiber

- ▶ Take your ropes up a notch with custom Dye-Sub printed microfiber. With hundreds of color options available, as well as patterns, images and logos, you can customize your ropes nearly any way you'd like.

### Recycled Leather

- ▶ We now offer 100% recycled leather in our line of premium ropes. In addition to our four standard color options, dozens of other colors and textures are available upon request.

### Braided Polypropylene

- ▶ Intended for outdoor use and other utilitarian purposes with our Flat Top Utility Post. This is a weatherproof braided "twisted plastic" rope.

\*Braided polypropylene rope is 1-1/2" diameter, without a cotton core
