

Choosing a Weatherproof Retractable-Belt®

1. Choose your model, finish and belt color: See outdoor-rated finishes at right
2. Weatherproof it: Add SUB-WPBW for a weatherproofed base cover (we also substitute a black head on 15' Polished Aluminum, Satin Aluminum and Satin Stainless Steel models).
3. Add any other additional options
 - ▶ Heavy baseweight - Add SUB-HBW and we increase the baseweight from 18 lbs. to 30 lbs. for added stability in wind; ideal for large signage.
 - ▶ Wheels - Add SUB-WH to make transporting the posts easier; an ideal addition to the 30 lbs. baseweight.
