TECH DATA SHEET

Basecoat Blender (NR-6128)

Form: OCF15 Page 1 of 2 Rev. 5/16/06

DESCRIPTION:

Outrageous® NR-6128 Basecoat Blender is designed to make fading and blending custom colours easy. Add NR-6128 Basecoat Blender to basecoat colours for undetectable blends and outstanding appearance. Basecoat Blender NR-6128 can also be used as a protective clear for artwork tape outs on groundcoats. Basecoat Blender prevents the tape from marking or pulling the metallic or pearl basecoats.

SUBSTRATES:

Repaired original finishes.

MIXING:

No mixing. Ready to use.

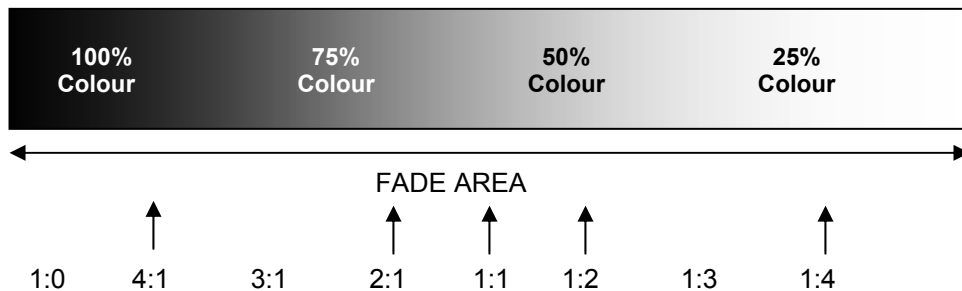

POT LIFE:

n/a

APPLICATION:

BLENDING AND FADES:

1. Prepare panels as usual. Sand adjacent non-primed areas and panels with P1200 and an ultra fine scuff pad.
2. Clean entire area with AR-6120 Outrageous Pre-Wipe or AR-6121 Outrageous Compliant Pre-Wipe and air dry thoroughly.
3. Apply one coat of Outrageous NR-6128 Basecoat Blender to the entire area.
4. Apply basecoat, according to directions, to the repaired area until full opacity has been achieved.
5. Mix by volume, 1 part Outrageous NR-6128 Basecoat Blender with 1 part Outrageous Basecoat Colour. Fade out the surrounding area with reduced air pressure (1.5 bar) and allow to dry.
6. For custom fading, always make test panels to achieve desired effect. Start at 2:1 or 3:1 ratio of Basecoat to NR-6128 Basecoat Blender and extend colour. Increase the amount of NR-6128 on each coat, extending the new coat beyond the last coat as desired.

7. Finish by coating the entire area with Outrageous Clearcoat as directed.

Basecoat Blender (NR-6128)

PROTECTIVE CLEAR:

1. Apply 1 or 2 coats of Outrageous NR-6128 Basecoat Blender after the last coat of basecoat colour has flashed.
2. Allow 1 hour before taping (tape time will vary with weather and shop conditions).
 - a. Note: Outrageous NR-6128 Basecoat Blender will dry to a semi-gloss feel that is dry to the touch.
 - b. Note: If Outrageous NR-6128 Basecoat Blender dries for more than 1 hour, lightly wet sand with 500 pr 600 grit abrasive to ensure proper topcoat adhesion.
3. Do artwork with a minimum of tape contact and remove quickly for topcoats.
4. Paint entire area with Outrageous Clearcoat.

SPECIAL NOTES:

NOTE: Clean equipment immediately after use with cleaning solvent. Dispose of in accordance to state, local and federal regulations.

HEALTH & SAFETY:

Read all warnings, first aid and safety for all components before using. Keep out of reach of children and animals. Wear a properly fitting NIOSH/MSHA approved respirator. Select positive pressure supplied respirator (TC-19C or equivalent) for isocyanates. Follow the respirator manufacturer's directions for use. Protect hands with impervious rubber gloves. Wear face, skin and eye protection. Outrageous® Custom Finishes' products are for industrial use by professional, trained painters.
