about us

...For us it's not just about selling furniture and eclectic accessories, but selling a comfortable, relaxed lifestyle.

We have our own LA based factory housing our design department, custom upholstery, custom carpentry, metal fabrication and finishing all under one roof. So the sky is the limit! Along with this, ModShop also offers its clients in-house design consultants to help bring all your interior design dreams to life.

We have stores in Los Angeles, Orange County, Palm Springs, San Francisco, New York, and Miami. With developed international sourcing we are now able to competitively price products for commercial projects... hotels currently in the works.

Owners John and Taryn Bernard design all of the pieces themselves (furniture, pillows, bedding prints and custom modern art), drawing inspiration from items found in vintage stores, mid century modern design and architecture, and the glitz and the glam of the old Hollywood Regency era. Modshop by RoomService furniture designs fit a variety of decor styles from organic and industrial modern pieces, urban loft styles, clean lined European design, to transitional Regency glamour and 60's mod. With a history in the fast paced apparel industry, they use this experience to keep the product in their stores moving forward with the trends just as you would expect to see in the fashion industry. Regularly adding trendy, fun furniture and accessories to the collections. Fashion forward furniture for the home...

For all these reasons ModShop offers an eclectic mix catering to most every taste, but adding a fresh modern twist!

ModShop has worked with many of Hollywood's hottest celebrities and designers, making fabulous custom furnishings for many high profile homes, boutique hotels, restaurants and clubs around the country.
