**Vyne**<sup>™</sup>  
bending guide

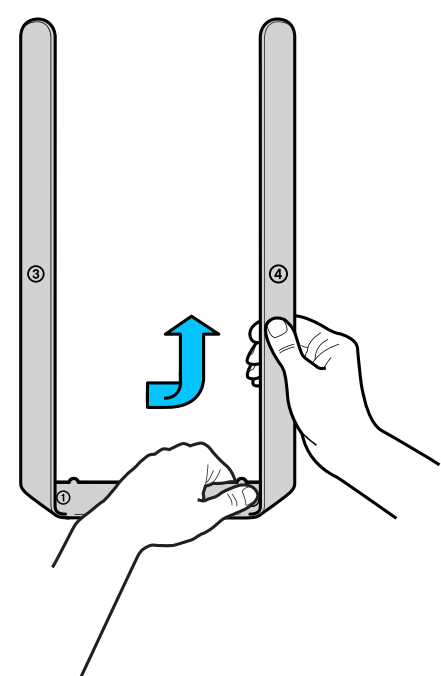

Start by straightening Vyne so that the **logo** is **upright and facing you**.

## step 1

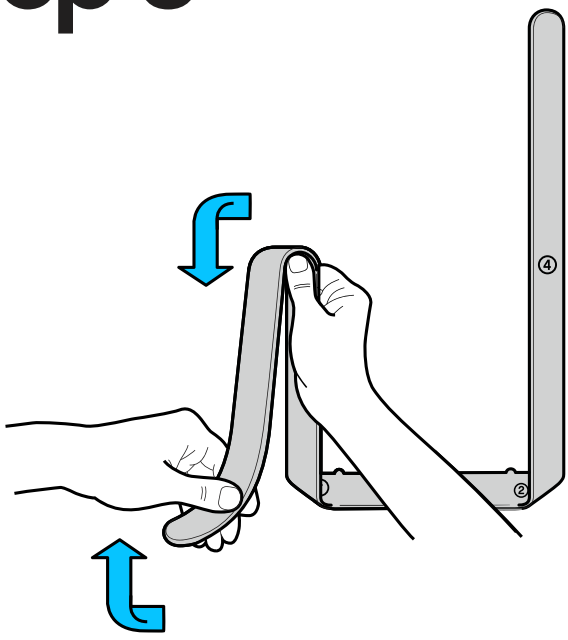

Place your **thumb** on the **1** indicator and twist Vyne so that the **3** indicator is **facing you**.

## step 2

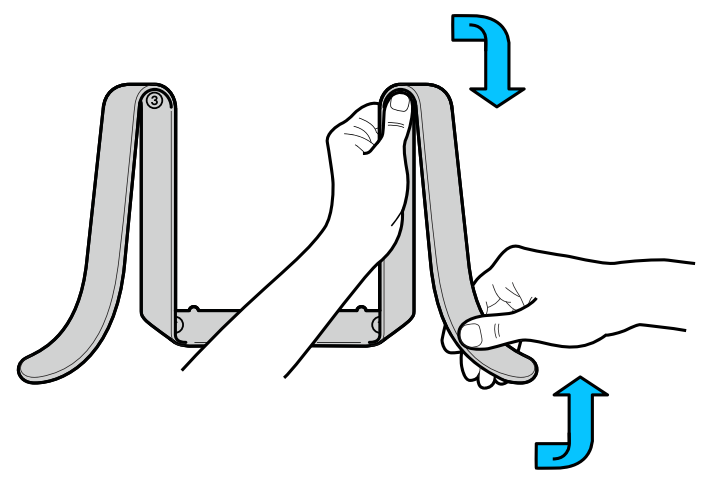

Place your **thumb** on the **2** indicator and twist Vyne so that the **4** indicator is **facing you**.

## step 3

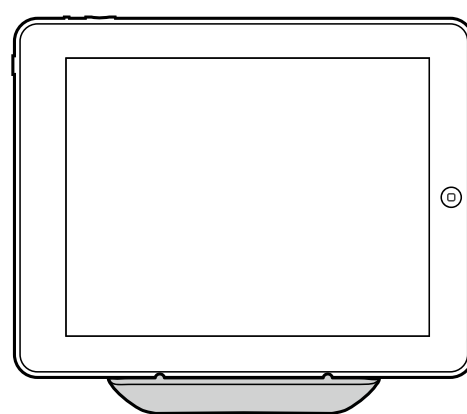

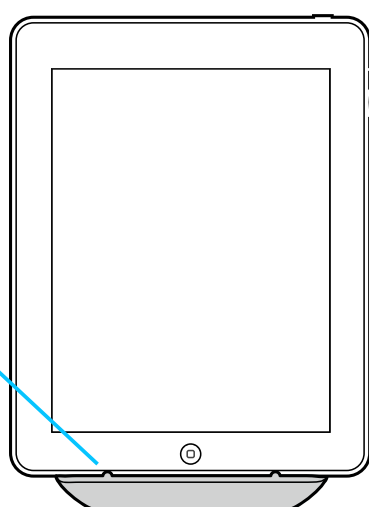

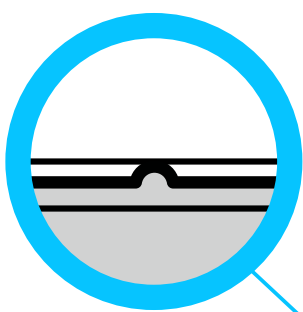

Place your **thumb** on the **3** indicator and bend Vyne **towards you**, then slightly bend the end **upward**.

## step 4

Place your **thumb** on the **4** indicator and bend Vyne **towards you**, then slightly bend the end **upward**.

Turn Vyne around and place your tablet so that it rests **behind** the two **slip-free sprouts** and enjoy!
