

ascend™ retractable graphic system

big bold graphic in less than 30 seconds.

Open and Ascend™. That is all there is to it. Set up a full-color, larger than life graphic display in less than 30 seconds with the Ascend™ Retractable Graphic System. Simply unlatch the integrated anodized aluminum case and pull up the 52" or 68" wide graphic. You're done. No poles to search for or snap together. No hooks or attachment for the graphic. With its unique air shock mechanism and infinitely variable height, Ascend™ is perfectly suited for a floor standing graphic display, table top display, expanding presentation tool, or an impressive graphic backwall when multiple units are combined. Call today and see how the Ascend™ Retractable Graphic System can quickly take any size trade show or special event to new heights!
