IQ is strong and secure even under the most demanding field conditions. The SmartPak IQ® case is blow-molded to allow the use of a higher density polyethylene than conventional roto-molded graphics cases. Our computer molded contours are engineered to add even greater reinforced strength. Superior durability, along with new easy handling features like in-line skate wheels, Quik-Flip hinge design, and balance compensation pull bar make SmartPak IQ® the most innovative large format graphics case you've ever seen! When you ship with SmartPak you can rest assured that your precious cargo will arrive safe and sound.

All SmartPak IQ® cases now come with the new heavy-duty Franzen latches and locking nuts for greater durability!

Our unique quik-flip hinge design and balance compensation pull bar allow for ease of use. Convenient nylon carry strap with adjustable shoulder pad helps you carry more with added comfort. Your precious cargo arrives safe and sound with lockable Franzen latches standing guard.

Presentation Products

Ultimate Graphics Protection.

High performance in-line skate wheels with sealed bearings reduce drag. Running gear is protected by custom molded wheel covers.

Don't let the sculpted lines and glamorous blue pearlescent finish fool you. This case is a real workhorse. Elegant, but strong and secure even under the most demanding field conditions. SmartPak IQ is available in 12" and 16" diameters in popular lengths from 26" to 72".

Try the SmartPak IQ and see why it is the *smartest* thing we've ever done.

Available in 12" and 16" diameters.
