

T Series

Sunlite 81266-SU LED T36 Super Bright High Lumen Corn Light Bulb, 45 Watts (525W Equivalent) 5800 Lumens, Medium e26 Base, 120-277 Multi Volt, Non-Dimmable, 50K-Super White, UL Listed-Wet Location

High Lumen Lamps

DESCRIPTION:

Sunlite Bullet LED T36 corn bulbs are the perfect replacement for metal halide, mercury vapor, and high/low pressure sodium bulbs in high bay fixtures. These bulbs are instant on at full brightness with no warm up time. Each bulb contains 106 LEDs giving off a bright 5800 lumen at 5000K Super White color temperature. Provides as much light as a 525 watt bulb while only using 45 watts of electricity. With a 50000 hour lifespan these bulbs will provide significant savings in electricity over their lifetime and require less maintenance for hard to reach fixtures. Ideal for warehouses, garages, workshops, barns, retail stores, gyms and other commercial/industrial applications. UL Listed for Damp Location Installation. They have a medium base (E26) and can be used with mogul base (E39) adapters (not included). The 220 degree beam angle gives a broader spread than UFO bulbs and more downlight than corn bulbs.

FEATURES:

- High Lumen Lamps
- High Lumen Lamps
