Important Safety Instructions

SAVE THESE INSTRUCTIONS

Thank you for purchasing the Brookfield™ Deluxe Natural Spectrum® Desk & Table Lamp. Please read the following safety information before using. To reduce the risk of fire, electrical shock or injury to persons:

- Do NOT dismantle.
- Do NOT alter power cord.
- Turn off/unplug and allow to cool before replacing bulb or cleaning.
- For indoor use only.

General Precautions

- The lamp is an electrical device. DO NOT USE NEAR WATER.
- Before plugging in the lamp, check to make sure the voltage of the wall socket does not exceed 120 volts.
- Not for use with light dimmers, timers, motion detectors or extension cords.
- This product may cause interference with radios, cordless telephones or devices that use a wireless remote control, such as televisions. If interference occurs, move the product away from the device, plug the product or device into a different outlet or move the lamp out of the line of sight of the remote control receiver.
- Unplug from electrical outlet for extended periods of non-use or during lightning storms to ensure protection of the electronics.
- **WARNING:** Do NOT use lubricating agent in assembly; please see troubleshooting section if you are having difficulty assembling your lamp.
- **WARNING:** Do not use the lamp outside or in wet locations such as bathrooms. It is intended for indoor, dry use only.
- **WARNING:** This product contains Mercury in the bulb. Dispose of bulb per local regulations.

Assembly Instructions

Before assembling, please review all instructions.

1. Carefully open box to avoid damaging the lamp when using a sharp knife.
2. Remove lamp (fully assembled) and set on table.
3. Using a Philips head screwdriver (included), carefully unscrew the three screws holding the Optix® Glare Control Filter in place. Remove filter and save for later.
4. Carefully insert the GU-24 Natural Spectrum® light bulb (included) into lamp by firmly holding bulb base and pushing down and rotating slightly in a clockwise direction to seat properly. *Note: Make sure bulb is fully inserted into the socket. The bottom of the bulb base should touch the plastic housing of the lamp.*
5. Place Optix® filter on lip of inner shade cup, align holes and tighten Philips head screw. **DO NOT OVERTIGHTEN.** Insert the two remaining screws and tighten.
6. Plug lamp into an appropriate outlet and turn on the switch.
7. Adjust height for optimum illumination.
8. Do not use with an extension cord or on a circuit with a dimmer switch.
9. Save the packaging in case you need to send the lamp to Verilux® for servicing.

Assembly Instructions — continued

Troubleshooting

Before requesting service on your Verilux® lamp, please read the following:

- Make sure all power connectors, cords and plugs are inserted fully and securely.
- Make sure there is power to the wall outlet or try another outlet.

PROBLEM	CHECK	SOLUTION
Light Won't Come On	Has the plug come loose?	Insert plug securely into wall outlet.
	Is the bulb old?	Check bulb for blackening/darkening at bottom of spiral where it joins the base (an indicator of bulb life) and replace bulb.
	Is the bulb connected securely into socket?	Be sure the bulb is securely seated into socket, repeat the bulb installation process.
Blackening/Darkening at Ends of Bulb	Is the bulb new?	Sometimes when a new bulb is turned on for the first time the tube will darken, but this will fade after a few minutes.
	Is the bulb old?	With older bulbs, darkening of the tube indicates end of bulb life (this doesn't affect operation except to reduce the amount of light available since the phosphor in that area has become inactive). Bulb replacement is recommended.
Light Flickers	Has the plug come loose?	Insert plug securely into wall outlet.
	Is the bulb connected securely to the socket?	Be sure the bulb is securely seated into the socket, repeat the bulb installation process. CAUTION: DISCONNECT LAMP FROM OUTLET PRIOR TO REPEATING THE BULB INSTALLATION PROCESS.
	Is the lamp connected to a dimmer switch?	Connect lamp plug only to wall outlet without dimmer switch.

Care and Cleaning

Your lamp is made from high quality materials that will last for many years with minimum care. You may want to periodically clean the lamp using a mild non-abrasive cleaner and soft cloth. When cleaning, make sure you have turned off and unplugged the unit and allowed sufficient time for the unit to cool. All liquid should be properly wiped away and dried prior to restoring power.

DO NOT USE SOLVENTS OR CLEANERS CONTAINING ABRASIVES, OR AMMONIA BASED CLEANERS

Note: All moisture should be properly wiped away and dried prior to restoring power.

One Year Limited Warranty

ATTENTION! ONCE OPENED, PLEASE **DO NOT** RETURN THIS PRODUCT TO THE STORE WHERE IT WAS PURCHASED FOR REPAIR OR REPLACEMENT!

Many questions may be answered by visiting www.verilux.com, or you may call our Customer Service Department at 800-786-6850 during normal business hours.

This limited warranty is provided by: Verilux, Inc., 340 Mad River Park, Waitsfield, VT 05673

Verilux warrants this product to be free from defects in material and workmanship for a period of one year from the date of the original retail purchase from Verilux or an authorized Verilux distributor. **Proof of purchase is required for all warranty claims.** During the limited warranty period, Verilux, Inc. will, at its option, repair or replace defective parts of this product, at no charge to the customer, subject to the following limitations: This limited warranty does not include any postage, freight, handling, insurance or delivery fees. This warranty does not cover damage, defect or failure caused by or resulting from accident, external destruction, alteration, modification, abuse, misuse or misapplication of this product.

This warranty does not cover damage to the product resulting from return shipping or handling. The use of shipping insurance is recommended to help protect your product.

Return Authorization is required for all returns. To obtain a Return Authorization, please contact the Verilux Customer Service Department at 800-786-6850.

If, during the first year of ownership, this product fails to operate properly, it should be returned as specified at www.verilux.com/warrantyreplacement or as instructed by a Verilux customer service representative at 800-786-6850.

Note: *Verilux recommends using a quality surge suppressor on all electronics equipment. Voltage variations and spikes can damage electronic components in any system. A quality suppressor can eliminate the vast majority of failures attributed to surges and may be purchased at electronics stores.*

Due to ongoing improvements, actual product may have slight variations from the product described in this manual.
