

#7. The original handwritten church record will appear:

- (#7a) Adjust **Image size** to fit your screen (20-150%).
- (#7b) Most importantly change **Image information** from “None” to “On top” to display the (#7c).
- (#7c) **3-line resource** [HINT - don't miss this part].

The arrow buttons to the left and right of page 52 allow you to go backward or forward by 1, 5, or 20 pages at a time.

Understanding and utilizing the very important 3-lines generated in #7c:

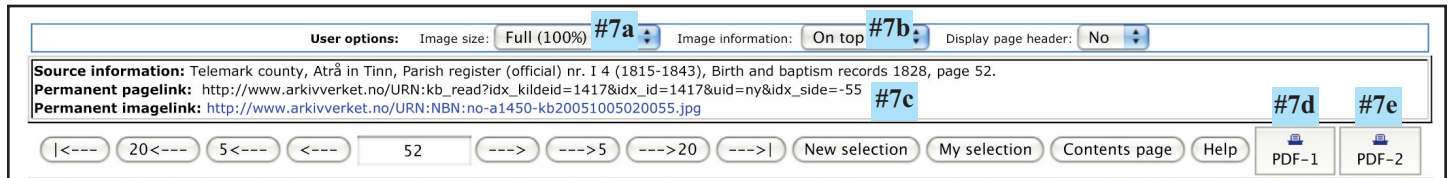

Source information: Telemark county, Atrå in Tinn, Parish register (official) nr. I 4 (1815-1843), Birth and baptism records 1828, page 52 (document your research)

Permanent pagelink: Live link of the exact page of your research [HINT - this is different than what it says in your browser, use this link to share with others]

Permanent imagelink: high-resolution jpg that can be downloaded to your computer, labeled (i.e., 1837.JohnTostensen.jpg), and printed.

— (#7d) PDF-1: Click to download a source documented **one page pdf** with both left and right pages in one pdf

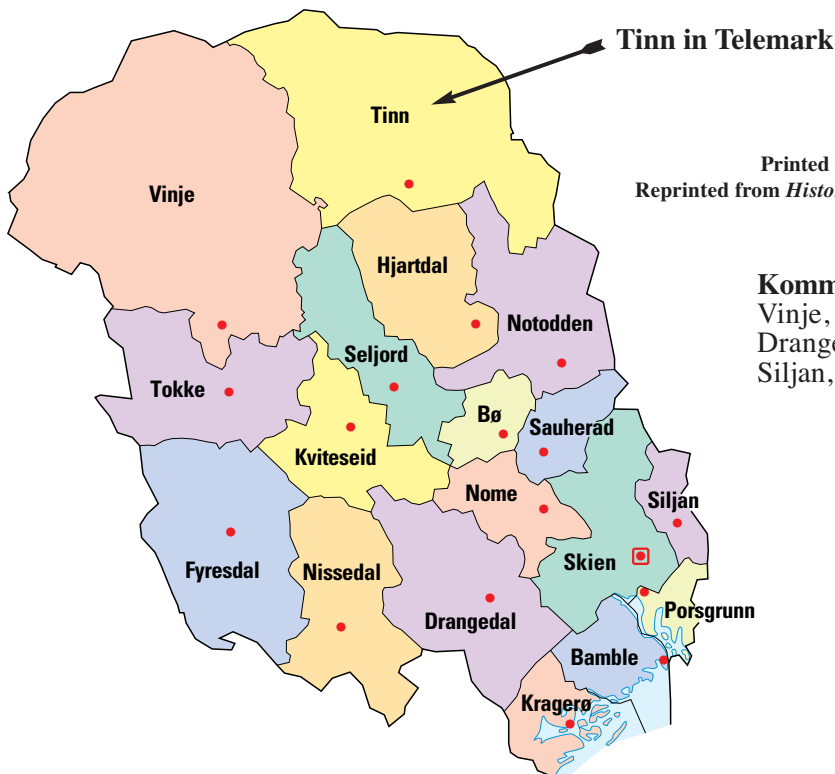

— (#7e) PDF-2: Click to download a source documented **two page pdf** with separate left and right pages

#8. To save your research just copy and paste the 3-lines resource into your genealogy software research notes and/or into an e-mail to share with others. If you successfully found this record (#16) you have located the 1827 church record of John Tostensen Rui (Rue) showing 30 April birth and 24 May baptism.

#	Birth	Name	Baptism	Parents	Sponsors
16.	30 th April.	John Tosten Rui	24 th Mai	Tosten Rui, Gro. Johann Rui, Grof.	Gunnhild Gunnleikrud, Hans idid., Ole L. gardsrud, Knud Kobbenrud og Birgit Underrud.

My heartfelt thanks to Margit Nysetvold Bakke for originally teaching me how to use the Digitised Parish Registers. Learning how to use this resource is a must if you are researching your Norwegian ancestry!
