HOW TO DETERMINE YOUR RING SIZE

MEASURE CURRENT RING

1. Select a ring that properly fits the intended finger. Engagement and wedding rings are traditionally worn on the ring finger on the left hand.
2. Place the ring over the nearest matching circle below. Match the inside edge of the ring to the circle nearest in size.
3. If the ring falls between two sizes, order the larger size.

MEASURING YOUR FINGER

Your ring should fit your finger comfortably; snug enough so that it will not fall off, but loose enough to slide over your knuckle. Finger size changes depending on the time of day and the weather so for best results measure your finger size at the end of the day and when your fingers are warm (Fingers are smaller in the early morning and when cold.) Measure finger size 3 to 4 times to eliminate an erroneous reading. Avoid using string or paper to measure ring size as these materials can stretch or twist, yielding an inaccurate measurement.

TIPS FOR BUYING THE RING AS A SURPRISE

Ask your significant other's friends or mother if they know her finger size. Borrow one of your significant other's rings (from the correct finger) and use the ring measurements above to determine its size.

CONFIRM PRINTED SCALE

1. Prior to printing, ensure that page scaling is set to "None" in the print dialogue box.
2. Measure the scale bar on the left to ensure it is exactly 1 inch or 30mm long. If the measurement is not accurate, check that you are printing the page at full size and reprint before continuing.
