Insertable Length: 6" / 15.24 cm  
Weight\*: 9.45 oz / 268 g

\*Note: Weight includes toy and packaging.

Tantus' Space Toys are a line of dildos and anal toys that are out of this world! The graceful arc of the Comet makes this toy ideal for g-spot or prostate stimulation. The base is also designed to work beautifully in a harness. *Due to the handmade nature of the Space Toys line, not all toys are identical to the photo.*

All TANTUS toys are made from TANTUS' own unique formula of 100% Ultra-Premium Silicone. The superior quality of TANTUS silicone makes all TANTUS toys hypoallergenic, non-toxic, phthalate free, odorless, bleachable, boilable and even dishwasher safe. These factors combined make TANTUS toys the safest and most pleasurable toys on the market. A toy from TANTUS is meant to be used and with minimal care TANTUS toys can last a lifetime.

---

## WHAT MAKES TANTUS TOYS THE BEST?

---

### GOOD

Tantus values the sexual health of our customers over profit. When you contact us, you'll deal with a real human being who is committed to your satisfaction.

### CLEAN

The superior quality of TANTUS silicone makes our toys hypoallergenic, non-toxic, free of phthalates, odorless, bleachable, boilable and even dishwasher safe.

### FUN

Tantus toys are designed to be anatomically appropriate for human bodies to encourage the best sex ever! We celebrate sexuality and encourage consenting adults to explore their erotic side.
