The "Lob Shot"

by Doug Hendricks

The "lob shot" is one of the most challenging and unique shots in the game. Having a good set-up and the right swing thoughts are the key:

SET-UP:

1. Ball position; forward of center.
2. Club-face; keep open.
3. Stance; open (similar to a bunker shot).
4. Body weight; keep centered, 50-50.

SWING THOUGHTS:

1. Make a full but soft swing, good tempo.
2. Swing path should be parallel to feet (across target line).
3. Keep club-face open through impact.

The Lob Shot demands lots of "feel," which means lots of practice!
