

Winning Golf Swings Into 3rd Season on Comcast SportsNet

2013 Title Sponsor

By Doug Hendricks, Host and Producer of Winning Golf

CATCH WINNING GOLF SUNDAYS AT 7:00 PM ON COMCAST SPORTSNET

Winning Golf 2013 Champions Pitch Sponsor Infiniti of Ardmore & West Chester

Could you be the lucky golfer to drive home in a brand new luxurious Infiniti G37 Convertible? Well, if you are a Winning Golf participant in 2013, you may qualify for the opportunity this season. Each week, our Winning Golf champion will attempt a pitch shot from only 90 feet. If he or she can hole out, we will happily hand over the keys to an amazing Infiniti convertible!

"PICK A TARGET"

by Doug Hendricks

Golf is definitely a game of targets. From the tee, your goal is the fairway, from the fairway it's the green, when pitching it could be a 15 ft. circle around the pin, when chipping it may be a 5 ft. circle and when putting it's usually the cup. The key point is that "great players" always have specific targets. Unfortunately, for most amateurs, the GOLF BALL is their target. Placing your focus on the ball restricts the full motion that is required to hit the ball down your target line and finish properly. Remember, the golf swing is a full circle and the goal is not to hit "to the ball" but "through the ball". Whether I'm hitting a full shot, pitching, chipping or putting, my focus is on a specific target. Remember, the golf ball is NOT your TARGET! Now go practice your motion!
