

Mounting instructions for the Wolfman Happy Passenger Seat Straps #A144

The Happy Passenger Seat Straps are a retro-fit accessory for the following Wolfman Saddle Bags:

Expedition Dry Saddle Bags, Teton Saddle Bags, Rocky Mountain Saddle Bags. The Monarch Pass Saddles come standard with these.

A properly mounted and re-fit set of saddle bags with the Happy Passenger Seat Straps. Fig.1

Fig.1

1. On your saddle bags remove the 2" webbing and buckles from the 2" black metal slide on the bag.
2. Re-thread the 2" Happy Passenger Seat Strap through the 2" black metal slide on the bag. Fig.2

Fig.2

3. Make sure both hook (stiff) straps are on the same bag facing up.
4. Make sure the loop (fuzzy) straps are on the same bag facing down.
5. Mount the saddle bags as you would normally on your bike.
6. The hook and loop should completely cover each other.
7. To adjust the straps see Fig.2.
8. Fine tune the straps across the bike.
9. The Happy Passenger Seat Straps are NOT for aggressive off-road riding.
