

Mounting instructions for the Wolfman 2013 Hoops #M323

A properly mounted Hoop on our Wolfman side racks. Fig 1&2

Fig. 1

Fig. 2

1-Place the “Hoop” inside the side rack oval.

2-On the front and rear feed the loop or fuzzy tab through the slot in the side rack and attach to the hook. Fig. 3

Fig.3

Fig. 4

3-Wrap and roll the hook tab on the loop through the slot all the way around for total contact. Fig. 4

(Roll the hook on to the loop do not try to pull)

4-Complete and total hook and loop adhesion. Fig 5

5-Repeat for all tabs (six in total per Hoop).
