SIZING

Sizes 1,2,3,4 and our new 6 correspond to our own unique brand sizes developed to fit across various body measurements corresponding to children's physical development and not just age. For example our size 4 is developed to fit up to an average age 6 with an average height of 116 – 120 cm. Some garments come in combined sizing that can accommodate a wider range of growth – for example, size 1-2 and 2-3 this is common for our garments with braces, turn-ups and adjustable waist bands. Corresponding metric measurements are indicated in brackets i.e. (110 – 116). Please refer to metric sizing to accommodate your desired size range needed.

MATERIALS

Sourced with great care all our products are made of natural honest materials from the EU. Our vegetable tanned leather is tanned and dyed in Italy, with all the quirks and imperfections that make it unique. All our materials, trims and stitch techniques are tested to withstand the test of time. Regular wear of our leather will always improve the look and feel of the piece. Please refer to our website for care instructions. Our garments are designed to be heirloom pieces and passed down.

ETHICALLY SOURCED AND MADE

We have taken great care to work with like-minded partners and makers in every step of our process. All our AW15 garments are designed in London, developed in London and manufactured in London.

DELIVERY

We will always confirm delivery timing with you prior to starting an order. Please provide shipping details at the time of your order, i.e. your courier company and account number, as in our Terms and Conditions. We aim to deliver within the delivery window outlined in the order confirmation and as outlined in our terms as conditions.

TERMS

Unless otherwise mentioned all our prices are in £GBP. All new store orders require a 40% deposit in order to start the order. Payment is by bank transfer. The standard terms for a reorder are N30. Please refer to our full Terms and Conditions for more details.
