

- Price Guide for Winter 2014 -

Letterpress printed wedding stationery by Terrace Press in our Sydney Studio. Your letterpress stationery is hand crafted within 15 working days using the finest quality materials. We would love to meet you and your partner to discuss your upcoming wedding. Our studio is open by appointment or we can organise to come to you.

Timing and Our Process

We recommend first contacting us about 3 months before you set wedding date to start discussing your options. After our initial discussion we will provide you with a series of quotes and further proceed to the design process. Designing takes between 2 - 4 weeks depending on which design option you proceed with. Design concepts are sent back and forth with changes for your approval. Once approved the printing process can proceed. Printing takes a further 15 working days.

Letterpress Quotes

Our speciality at Terrace Press is our customised letterpress printing. If you find comparable or better pricing on similar letterpress printing, we are more than happy to discuss it and provide you with an even better quote.

Design Services

At Terrace Press, we do provide a number of pre-designed templates that you can choose from. These templates are fully customisable, with the capacity to change wording, colours and paper stock from an additional cost of \$90. We also produce suite designs that are create entirely personalised to express the style of your wedding through typography, colours, design elements and fine papers for an added cost of \$270.

Payment Terms:

A 50% deposit is required upfront before production commences, with the final balance due before delivery or shipping. Design payments are due upfront before design work begins. If you are supplying us with the artwork final pricing is subject to the sighting of your final artwork. Additional fees may apply if your files are not supplied to us in the required letterpress format. All prices are in Australian Dollars and are inclusive of GST.

Complete your stationery package with a range of gorgeous additions.

At Terrace Press we love to get creative and enjoy sourcing bits to bring your ideas to life so if there is anything extra or different that you have in mind that isn't listed please do not hesitate to give us a call to discuss your ideas.

Our favourite and most popular paper stock is Crane Lettra 300gsm, 100% cotton rag. Lettra has a distinct soft fluffy finish, available in both fluorescent and pearl white and holds a lovely tactile printing impression. We also have available a wide range of other fine paper stocks suitable for wedding stationery.

All of our inks are measured and mixed by hand. We use Pantone uncoated colours which include over 1000 colours to choose from. Should you have a colour that you are looking to exactly match such as a fabric swatch, we can hand mix a custom ink just for you.

Letterpress is a manual printing process that requires set printing plates. As a result, it is not possible to letterpress print the individual names of guests. However, we do provide a variety of personalisation choices for your guests which are listed to the below. Additionally we can leave space on invitations for a calligrapher to personalise each print.

ADDITIONS		COST PER ITEM
<i>Hand Calligraphy</i>	Calligraphy of guest's names on invitation	\$3.00 per invitation
	Calligraphy of guest's names on place cards	\$2.50 per place card
