Designed for maximum power, the Jetlev-Flyer can reach speeds of 50mph and a height of 10 metres, completing exciting manoeuvres both above and below the water.

THE JETLEV-FLYER EXPERIENCE

With the option of a single or twin seat flights, you can choose to be trained by a professional Jet Pilot Instructor, to take-off, fly, turn, hover, land and dive, or they can simply buckle-up and go along for an exhilarating ride.

Whether you wish to learn to fly solo, or are looking for a unique experience for yourself or a group, Jetlev-Flyer has a package for you.

As the closest thing to personal flight, Jetlev-Flyer will give you the feeling of levitation... along with a real adrenalin rush!
