

diy Tassle Garland

BY LUPA & PEPI

ingredients

TOOLS YOU'LL NEED

tissue paper (pick colors to match your party!)
rope
cutting mat
rotary cutter
straight edge
bone folder – *or* – butter knife
quick-dry glue – *or* – hot glue
scissors

GET CREATIVE WITH

mylar or metallic tissue (hint: use hot glue!)

step-by-step

STEP #1

Secure the ends of the rope somewhere in your home. (This will be in handy in a few minutes!)

STEP #2

Grab a stack (approx. 8 sheets) of one color of tissue & fold it in half. Lay the tissue on your cutting mat with the folded side towards the top (furthest away from you).

STEP #3

Use the measurements on your cutting mat to line up the tissue. With a rotary cutter & a straight edge, cut 5 strips that are 1/2" each.

STEP #4

Thread the butter knife through the top of each group of strips to pick them up. Pile all of them on top of each other to make one stack.

STEP #5

Take the stack off of the butter knife & twist it together starting from the center & moving out towards both edges.

STEP #6

Once you have twisted about 4", create a loop by placing the center of the twisted tissue around the rope & twisting the two sides around each other. Essentially, you are making the tissue look like "rope".

STEP #7

After approximately 4 twists, place a dot of glue to secure one side to the other.

STEP #8

After the glue dries, fluff the tissue by gently pulling it up, out & away from the hanging strands of tissue.

STEP #9

Use scissors to trim the uneven bottom.

STEP #10

Repeat steps 1 through 9 for each tassle & create a pattern alternating colors.
IDEA! Have a party *before* your party! Invite friends over to help assemble this garland.

diy Circle Garland

BY LUPA & PEPI

ingredients

TOOLS YOU'LL NEED

circle stickers
linen string

GET CREATIVE WITH

colors & sizes of circle stickers

step-by-step

STEP #1

Measure out the length of string you need.

STEP #2

Select 2 circle stickers of the same size. They can either be the same color or complementary.

STEP #3

Stick them to one another sandwiching the string inbetween.

STEP #4

Repeat steps 2 to 3 placing circles at regular intervals. Create a pattern or just make it random... either way this garland is simple & cute too!
