Product Specifications *S1000D* *Disposable Wrist Strap*

Description

The S1000D is useful as a one time or temporary personal grounding device. This low cost unit is ideal for inclusion with replacement PC boards for field replacement. The Blue dissipative vinyl terminates in an alligator clip for connection to a suitable ground. A convenient slip noose goes over the wrist and should be firmed up for a comfortable but snug fit.

Specifications

Material: Static Dissipative Blue Vinyl with conductive inner layer
Thickness: 0.03" (0.76 mm) ± 0.005 "
Width: 1/4"
Length: 36"
Resistance*: From Loop to Alligator Clip: 1×10^6 to 5×10^8 ohms

To Use:

1. Open the package and pass your wrist through the loop.
2. Gently tighten up the loop until secure but comfortable fit is reached.
3. Attach alligator clip to suitable ground.

Notes:

* The combined resistivity of blue dissipative vinyl and the individual may result in user to ground resistance up to 1×10^9
