QUALITY CANTILEVER SYSTEMS –

Made From
Strong, Durable
Components

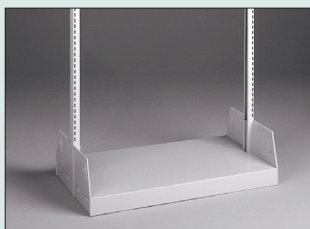

Unit Welded Frame

16 gauge welded steel construction, eliminates need for sway braces and starter/adder components. Each frame accommodates single or double face configuration.

Strong 18 Gauge Shelves

Triple bends on front and back edge prevent sagging. The Wilsonstak shelf surpasses all American Library Association strength and durability standards.

Wrap Around Base Bracket

Single face or double face, the Wilsonstak base bracket offers greater stability because the wrap around design becomes part of the frame. One piece base shelf ensures stable, free-standing installations.

FROM STANDARD
Library Bookstacks

Borrighs offers adjustable shelf units in a wide range of sizes – so your library book shelves can conform to your needs.

TO DECORATIVE
Designer Installations

Unique configurations such as lighting arms help to illuminate the books on the bottom shelves as effectively as the books on the top shelves. In addition to our traditional library offerings we also produce art racks and storage for libraries which maintain art collections.

MEDIA

Shelving and
Mobile Carts

Borroughs Pull Out Browsing Boxes pictured above are designed to handle standard CD's, thin CD's or even DVD's. The Wilsonstak line has endless solutions for today's library.

PERIODICAL

Shelving and
Hinged Displays

Hinged Periodical shelves and cabinets allow current periodical issues to be displayed with back issues stored conveniently under display shelf.

CHILDREN'S & Youth Areas

GRADE SCHOOL & University Libraries

Custom end panels and tops tailor standard Wilsonstak adjustable shelf units for children's areas. Use of divider-type Wilsonstak units help keep picture books organized and within easy reach.
