

Brunswick Filing Systems Inc.

Aisle Master 2000 Storage Solutions

Brunswick Filing Systems commenced operations in 1973 supplying colour coded folders, shelving and mobile storage and retrieval systems. Our customers include government, insurance, financial institutions, utilities, hospitals and medical clinics

Brunswick Label Systems Inc. was formed in 1985 to manufacture colour coded labels. We now market a wide range of colour coded products through distributors in North America, Europe, Australia and South America.

In 1991, Brunswick Mailing Inc. was formed to distribute a full range of mailing machines and paper handling equipment.

The growth of the Brunswick Group of Companies in 1997 resulted in the decision to build a 20,000 square foot manufacturing and distribution plant which enables us to accommodate growth into the new millennium.

In 2004, Brunswick Office Interiors' was created, the staff has a combination of over 25 years of experience within the office furniture industry,

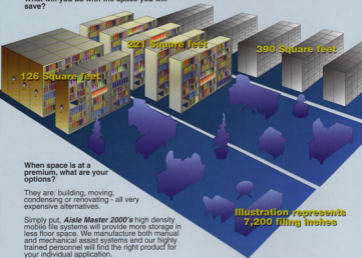

In order to meet the complete filing needs of our customers, Brunswick has introduced a state of the art mobile filing storage systems, **Aisle Master 2000**.

Saving Space Saves Money.

With Brunswick's **Aisle Master 2000**, there is no comparison to traditional filing cabinets or static shelving systems. Our mobile systems are specifically designed to provide increased storage capacity (up to 75%) by **drastically** reducing floor space. Our system is manufactured with the highest quality products producing one of the highest weight carrying capacities of any *moveable shelving system* on the market today.

What will you do with the space you will save?

Do you know your second most costly expense is floor space?

When space is at a premium, what are your options?

They are: building, moving, condensing or renovating - all very expensive alternatives.
