Boots with Brands, Initials, or Special Designs are NOT returnable.

We guarantee our boots to fit....but they must NOT be worn outside before returning them.

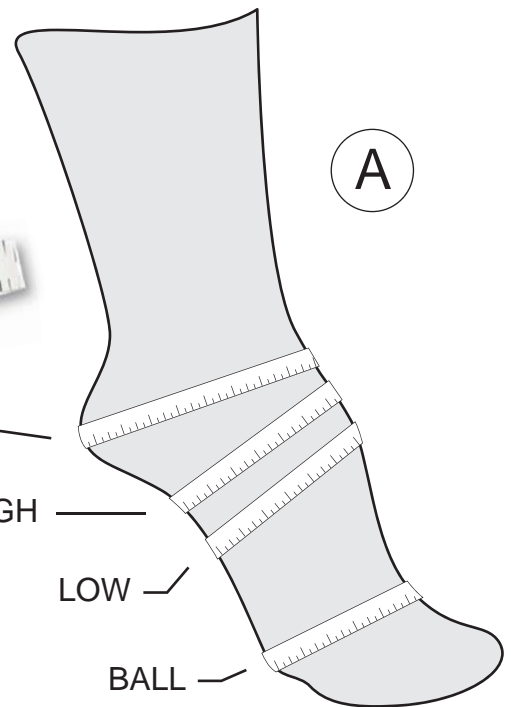

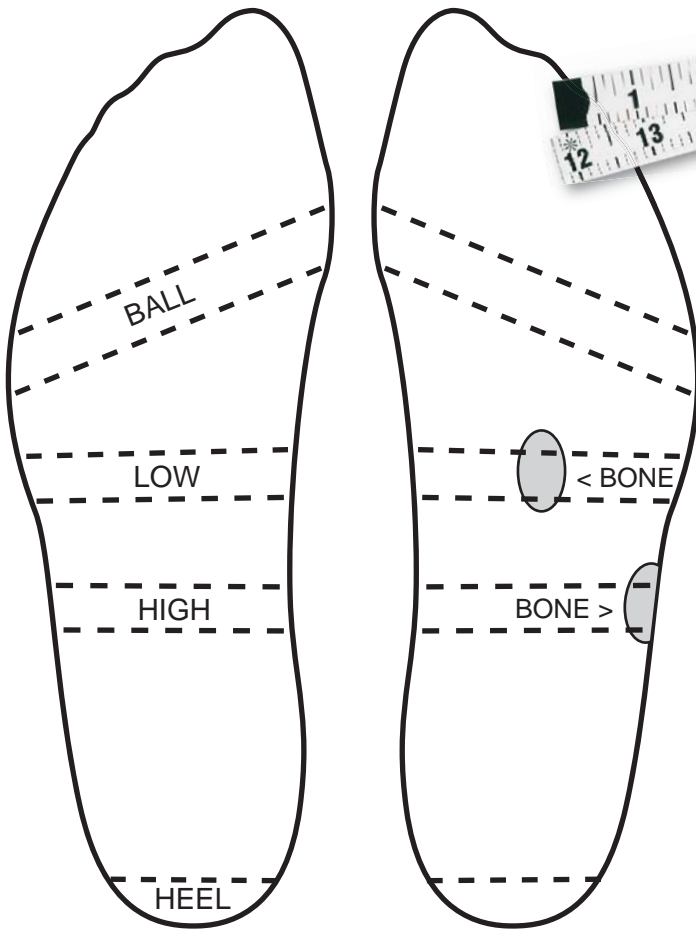

FOOT TRACING

1. Put on socks that you regularly wear with cowboy boots.
2. Use only a #2 pencil so we know the diameter, and its radius offset.
3. When drawing outlines, put your weight on each foot independently.
4. Hold pencil straight up, perpendicular to the floor so the pencil offset is uniform.

MEASURING WITH TAILOR'S TAPE

5. Sit in a comfortable upright position with one knee across the other, and let foot hang freely with no weight on the foot.
6. Place tape completely around foot as shown in illustration 'A' and do not draw tape tight, just barely snug.
