

Toolless Straight Channel Section for Fiber Routing System, 120 x 120 x 1830 mm (5 x 5 x 72 in.)

MODEL NUMBER: SRFC5STR72

Straight channel raceway carries fiber optic cables horizontally through the fiber management system in your data center or network closet.

Features

High-Impact PVC Channel Section Lets You Create Custom Fiber Cable Routing Schemes

The SmartRack® SRFC5STR72 is a straight channel section that carries fiber optic cables horizontally through your fiber routing system. Made from durable, lightweight PVC material, this straight section connects to other sections or fittings via Tripp Lite's SRFC5CPL5 couplers (sold separately) using their included hardware to help keep your fiber optic cable bundles neat and organized. Screws and nuts tighten by hand with no tools required to complete a professional, finished look in your data center, network closet or industrial space.

Highlights

- Allows you flexibility in creating your custom fiber optic cable routing system
- Constructed from durable but lightweight PVC plastic
- Easy to install with your fiber routing system with no tools needed
- Requires Tripp Lite SRFC5CPL5 couplers (sold separately)

Applications

- Create a fiber routing system along the wall or ceiling of your data center or network closet or across the tops of the rack enclosures

System Requirements

- Tripp Lite SRFC5CPL5 couplers (sold separately)

Package Includes

- Straight channel section, 120 x 120 x 1830 mm
- Installation guide
