

Makers Empire 3D design & printing learning program

Students can start designing in 3D in seconds with Makers Empire 3D design software - no CAD or IT skills necessary!

Teachers achieve real learning outcomes, engage students in STEAM topics, and become confident teachers of 3D design and printing technology

Students enjoy learning through our appealing and inspiring curriculum-aligned lesson plans

Comprehensive teacher training and support and a teachers' portal to manage students' work

"...many of the jobs that exist today will be obsolete... We are excited by the creative and innovative opportunities the relationship with Makers Empire will bring... This connection has and will continue to add to the quality learning experiences offered to our children"

Ilia Tsoutouras, Principal,
Virginia Primary School

Teacher training and support

Students totally engaged

"The teacher resources were comprehensive... The Makers Empire 3D design app made sophisticated designing available and accessible to young students. They were totally engaged..."

Rene Wavell, Assistant Principal,
North Adelaide Primary School
