

## TASTING ROOM OPEN MONDAY-FRIDAY 11-6

The Tasting Room is a place where our curious customers can come and be educated in all things coffee. You may think we are a bit geeky when it comes to our coffee knowledge, but we can't wait to talk to you about our storied coffees. Come on in and select a fresh coffee that you would like to try and what brew method you would like to try it in. As you sip away, we will talk about the intricate tasting notes in the cup and what makes the coffee so unique from our other coffees.

While the tasting is free, we also sell Lattes, Iced Lattes, Cappuccinos and Espressos from our mini espresso bar. And we have a small sitting area for you to grab a seat a chat with a friend.
