

Viking Waterproof Cloth Tape

Description

A polyethylene coated waterproof tape with a very aggressive synthetic rubber-resin adhesive. It has a uniform tear, with good tensile strength and excellent moisture resistance.

Applications

- Bundling
- Masking/Protection
- Packaging, wrapping and sealing
- Polyethylene sheet jointing
- General maintenance

Technical Details

Total Thickness	160 Micron
Mesh	35
Adhesion	16 N/25mm
Tensile Strength	75 N/25mm
Elongation	12%
Temperature	-20°C to +60°C
Standard Colours	Black, Silver and White

The information given in this data is based on laboratory tests and experience, which we believe to be correct. In view of the wide range of applications and the variety of substrates, we would advise that our products should be tested by the user to establish suitability for its intended application.
