- Royal Jelly (2.2% 10HDA) 1000mg capsule: take 1 capsule per serving, or as directed by your healthcare professional.

Royal jelly is fed to select larvae to help them grow into a Queen Bee. In humans, the ageing process happens when nutrient levels decrease in the body after full maturity. Royal Jelly contains 12 kinds of natural minerals, more than 30 kinds of natural amino acids, more than 20 kinds of beneficial fatty acids and 15 kinds of natural vitamins. Spring Leaf Royal Jelly Series use premium quality royal jelly extracted from natural and pure sources, without any added or synthetic ingredients.

Warning: This product contains Royal Jelly which has been reported to cause severe allergic reactions and in rare cases, fatalities, especially those with asthma and allergies. Not to be taken by asthma and allergy sufferers. Not suitable for children.

Organic Honeycomb
Honeycomb

Net 350g

Indication

- 100% Natural, Free of Preservatives
- Rich Vitamins, Minerals, Enzymes
- Good for Immunity and Digestive System

Suitable Users

- Suitable for all family members

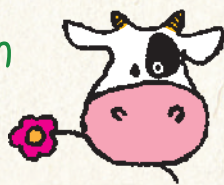

Dosage

- Eat directly or use it to sweeten food, add to cheese platter, cereal, yoghurt or your favourite food. (Beeswax is edible)

Organic eucalyptus honeycomb is produced in Australia by bees from eucalyptus forest and supplied fresh from Australian beekeepers. Our beekeeper implements natural methods to keep the beehives strong, healthy and free from pesticides. Honeycomb is a natural and unprocessed source of raw honey loaded with vitamins, minerals, antioxidants and enzymes which protects the body from infection and boost immune system. The anti-bacterial properties of raw honey balance stomach acidity and promote healthy digestive system. Raw honey is a simplest form of sugar which can be directly absorbed by our body without irritancy and is often used as an energy booster.
