for CW2025 58L dual compartment step can

**Tools you need:**  
-Phillips-head screwdriver

video guide

### Removing hinge block with bag holder

1. Open lid and liner rim and push back until it is locked into place.

2. Remove lid assembly from can body by pinching center tabs and pulling lid assembly upward.

3. Tape down the highlighted parts using masking tape or painter's tape.

4. Remove the 4 screws using a Phillips-head screwdriver.

5. Remove the back panel from the can body by lifting upwards and backward.

## Installing hinge block with bag holder

1. Replace the new back panel onto the back of the body.

2. Insert screws into the 4 screw holes and screw in using Phillips screwdriver.

3. Remove all tapes.

3. Pinch center tabs and place new lid assembly onto the can.

5. Close lid.
