>> CHIOMA: Shopify shipping is so user friendly,

Our mom actually helped us fulfill orders.

We started Cee Cee's Closet after my trip to Nigeria.

It really just made me reignite my connection to my heritage.

>> UCHENNA: We're really busy throughout the day,

so we don't really have the time to drop off orders.

So we love Shopify shipping.

you can schedule pick ups, which helps us save time.

Shopify shipping has allowed our business to grow

we're not buried in fulfilling orders

[Label printing and torn]

we're able to concentrate on where our business can go long term.
