

MIGRATION GUIDE

Migration from Amazon by Codisto app to Shopify Marketplace Connect

Shopify Marketplace Connect is an upgrade to your Amazon by Codisto app, with new great features and additional marketplaces, such as eBay, and Walmart!

We've worked hard to make your migration as seamless as possible. Follow this simple migration guide to upgrade to Shopify Marketplace Connect from Amazon by Codisto and your **Amazon marketplace settings will automatically transfer over.**

1. Uninstalling Amazon by Codisto

Click on the **Settings** button (bottom left) on your Shopify Dashboard.

Under the Sales Channels tab, click on the **Remove** button next to Amazon by Codisto. Doing so will also unsubscribe you from the Amazon by Codisto plan.

Please allow 5 minutes for the uninstallation before proceeding with installing the Marketplace Connect app.

2. Installing the Shopify Marketplace Connect app

Go to: <https://apps.shopify.com/marketplace-connect>

Click on **Add App** and follow through with the prompts.

You may be prompted to uninstall Amazon by Codisto, simply click on **Start using Marketplace Connect.**

3. Confirm billing agreement

A new Shopify Billing agreement will supersede all previous plan.

 **Congratulations. You are all set up.**

Remember, your Amazon channel settings are automatically transferred, so there is no additional configuration required to continue selling on your Amazon Marketplaces.

Plus now you can easily expand to other online marketplaces like Amazon, and eBay by clicking Connect marketplace.
