A: Leeks

PACIFIC BREEZE INSTANT HAND SANITIZER

Help stop cold germs in seconds with Pacific Breeze Hand Sanitizer!

Our specially designed formula kills 99.99% of eight important organisms in 15 seconds. Evaporates quickly, leaving no residual odor or color and can be used repeatedly without drying the skin. Meets OSHA's Bloodborne Pathogens standard. Alcohol-based handrubs significantly reduce the number of microorganisms on skin and substantially cut down on the spread of potentially lethal antibiotic-resistant bacteria. These products are fast acting and cause less skin irritation than antibacterial soaps.

Teachers, students, doctors, and healthcare personnel may be more inclined to use alcohol-based handrubs because they are more convenient to use.

- Eliminates 99.99% of germs in seconds
- Great when water and soap is not available
- Evaporates quickly, leaving no residual odor or color
- Contains moisturizers to prevent dry, chapped hands with repeated use
- Meets OSHA bloodborne pathogens standard
- Excellent for classrooms and care facilities

HEALTH AND LIFESTYLE

LIVE HEALTHY THIS WINTER

Winter can bring images of fun times, wonderful aromas, and tasty meals to mind. For some of us, an unfortunate side effect of winter is packing on a few extra pounds because of all of the fabulous festivals and occasions. Don't feel down about a little extra baggage. Take action against traditional holiday weight gain and consider a few tips we have compiled for you.

• When going to a dinner party, don't show up hungry. Bring a healthy snack that you can eat before the big meal. This will help keep your hunger at bay.

- Stay active every day. This is an important part of living a healthy lifestyle.
- If you want some of that dessert, eat some of it. Be thoughtful, try cutting a sliver instead.
- Keep a food log. Write down everything you eat. You may feel less tempted to overeat.
- Want to get something quick and easy to eat? Think twice about fast food, some can nearly have double the amount of calories and fats as compared to a microwave meal to go.

FOAM SOAP

RECIPE OF THE MONTH

CREAMY ITALIAN SALAD DRESSING

Millions of germs exist at any given moment, and keeping your hands clean is an important way to avoid getting sick. You can get germs from touching any object, so be sure to wash your hands. Washing hands prevents illnesses and spreading of infections to others. According to the CDC, people get sick because their hands are dirty and they touch or rub their face without even realizing it. Germs can enter your body through your nose, mouth or eyes. Pacific Breeze Antibacterial Foam Soap is a great way to handle the little buggers. Our foam soap is formulated to be a fast acting, broad-spectrum antimicrobial soap. It kills staph and other germs on contact. It removes unwanted bacteria from the hands, while being gentle on the hands.

THE PACIFIC BREEZE EXPERIENCE

Pacific Breeze was founded in 1973 and since that time, Pacific Breeze has grown into the deodorizing and bathroom industry leader in the Pacific Northwest. To ensure that our status in the industry is maintained, we at Pacific Breeze demand the highest quality in our products, service and
