5 1/2" Elastic 1/2" Width

Contrast Thread for topstitching

SUSPENDERS

5/8 Yd Belting 1" Width

6"X 8" Piece of Suede

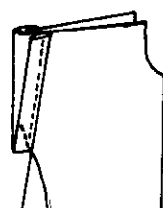

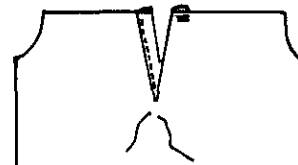

READ ALL INSTRUCTIONS BEFORE CUTTING FABRIC

NOTES:

1. Everyone stuffs dolls differently. Please try costumes on dolls during construction to insure proper fit.
2. Keep pattern pieces handy to refer to during garment construction.
3. All pieces are sewn with right sides together unless otherwise indicated.
4. All seams are 1/4" unless otherwise indicated.
5. For professional results, clip seams at curves and corners and press frequently during construction.
6. To finish edges, zigzag or serge. If serging before garment construction, DO NOT CUT OFF ANY OF THE SEAM...OVERCAST ONLY.
7. Tape pattern pieces together before cutting fabric.

SHIRT CONSTRUCTION

1. Sew collar to collar lining on outside edge. Clip curves, turn and press.
2. Baste neck edge of collar together.
3. Sew collar to yoke. SEE DOTS ON YOKE FOR COLLAR PLACEMENT. Clip and press seam.
4. Press one long edge of bias placket under 1/4".
5. Cut center front slash on shirt front, as indicated on pattern. Spread slash and pin to unfolded edge of bias placket. Stitch with garment side up. Roll folded edge of placket to stitching line on wrong side of garment, enclosing raw edges. Pin in place. Edge stitch the placket. Fold right side of placket to wrong side of shirt and press. Tack in place. Press left side of placket to extend toward the right side of the shirt. Stitch placket together, as indicated in diagram.

CAP

1/2 Yd. Wool

6. Run two rows of gathering stitches on top edge of front of shirt, as indicated on pattern.
7. Pull up threads to evenly distribute gathers on front yoke. Stitch in place.

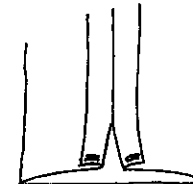

8. Run two rows of gathering stitches along top edge of shirt back, as indicated on pattern.
9. Pull up threads to evenly distribute gathers along back yoke.
10. Press bottom edges of yoke lining up 1/4".
11. Pin yoke lining to yoke/collar seamline, RIGHT SIDES TOGETHER.
12. Sew up center front yoke, around neckline and down other side of center front yoke. Turn and press.

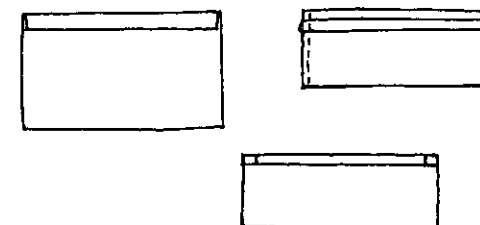

13. Bring folded edges of yoke front lining to seamlines of yoke and shirt fronts, encasing raw edges of seam. Pin or baste in place. Edge stitch yoke and yoke lining in place.

14. Repeat step 13 for the back yoke.
15. Baste yoke to yoke lining at armhole. Yoke and lining will now be treated as one piece.
16. Run two rows of gathering stitches along sleeve cap, as indicated on pattern.
17. Pin sleeve to armhole, pulling up threads so that gathers are evenly distributed along armhole. Sew sleeve in place.
18. Sew sleeve and side seam, starting at dot on sleeve.
19. Press seam open. Tack at bottom edge of sleeve.

20. Run two rows of gathering stitches along bottom edge of sleeve.
21. Turn down one long edge of the cuff 1/4" and press. Fold cuff on fold line, stitch side seams of cuff. Turn cuff right side out and press.

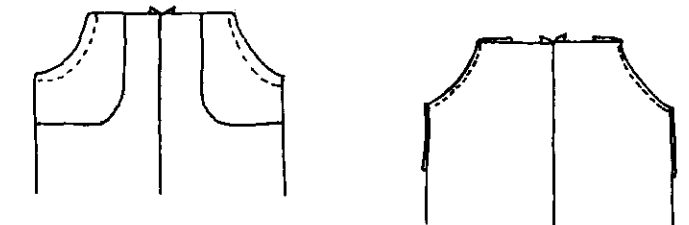

22. Pin unfolded edge of cuff to bottom edge of sleeve, pulling up threads to evenly distribute gathers along cuff. Sew. Press seam toward cuff. Slip stitch folded edge in place.
23. Edge stitch cuff along seamline.
24. Make 3/8" buttonholes on cuffs and sew buttons in place.
25. Make buttonholes on yoke and sew buttons in place.

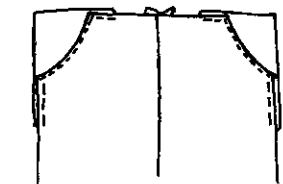

26. Turn bottom of shirt up 1/4" and press. Topstitch in place.
27. Put shirt on doll to get accurate fit when trying pants on.

PANT CONSTRUCTION

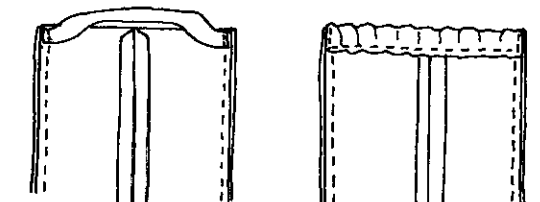

28. Sew pant fronts together at center front seam.
29. Sew pocket facing to pant front. Turn and press. Edge stitch in contrasting thread along seam.

30. Sew pocket to pocket facing. Baste pocket in place at top and side seams.

31. Sew darts on pant backs.
32. Sew pant backs together at center back seam.
33. Sew pant front to pant back at side seams.
34. Fold casing down on fold line and press. Sew 5 1/2" piece of elastic to side seams in casing, as indicated on pattern. Topstitch casing in place with contrasting thread, stretching elastic in back casing as you sew.

35. Sew inseam of pant.
36. Fold up hem and press.
37. Secure hem with hemstitch.
38. Roll up pant cuff.
39. Secure buttons on pant waistband, as indicated on pattern.

SUSPENDERS CONSTRUCTION

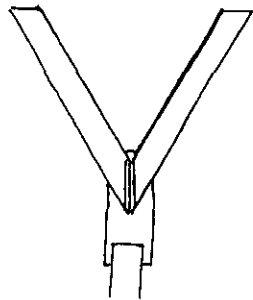

40. Cut 1/2" buttonholes in ends of tabs, as indicated on pattern.
41. Fold tabs WRONG SIDES TOGETHER and stitch, as indicated on pattern.

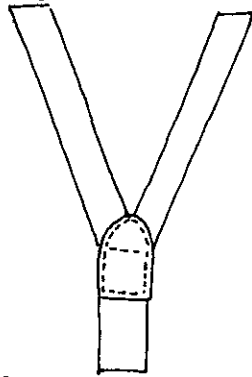

42. Sew shoulder straps together to form a 'V'.

43. Place back pieces of suede on front and back of straps, covering the 'V' and suspender center back strap. Pin or baste in place by hand.

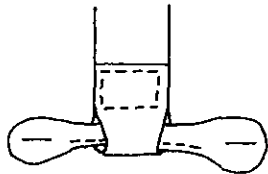

44. Following stitching design on pattern for back piece, topstitch in place. Remove basting stitches.

45. Following stitching design on end piece pattern, sew end pieces on the three belting straps.

46. Thread tabs through end pieces...use a safety pin to make it easier.

47. Attach suspenders to buttons on pants.

This pattern contains 25 pieces. They are as follows:

- A—YOKE FRONT/BACK
- B—SHIRT COLLAR
- C—SHIRT FRONT
- D—SHIRT BACK
- E—SHIRT CUFF
- F—SHIRT SLEEVE
- G—PANT FRONT
- H—PANT FRONT EXTENSION
- I—PANT BACK
- J—PANT BACK EXTENSION
- K—POCKET FACING
- L—PANT POCKET
- M—SUSPENDER TABS
- N—TAB HOLDER
- O—BACK LEATHER PIECE
- P—SUSPENDER SHOULDER STRAP
- Q—SUSPENDER CENTER BACK STRAP
- R—SHIRT PLACKET
- S - TOM/HUCK HAT CROWN
- T - HAT TOM/HUCK SIDE SECTION
- U - TOM/HUCK HAT BRIM
- V - PATRICK CAP CROWN
- W - PATRICK CAP BAND
- X - PATRICK CAP BILL
- Y - PATRICK CARDBOARD(CAP BILL)

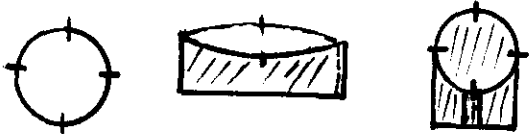

HAT CONSTRUCTION:
(Since felt has more thickness than regular fabric, I recommend increasing the length of your stitch. I normally use a 2.5 but increased to a 3.)
1. Stitch the brim ends together. Repeat for brim lining. Press seams open.

2. Sew the ends of the hat side section together. Repeat for lining. Press seams open.

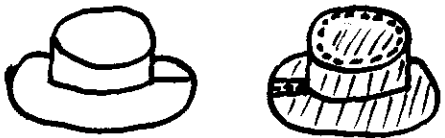

3. Marking with pins, divide the crown and side section each into 4 equal parts. Pin the two pieces together at the 4 pins, and sew together. When sewing it is best to place the crown next to the machine bed and the side section on top. Repeat for lining.

4. Stitch the brim to the crown/side section. Again dividing each piece into 4 equal parts as directed in Step 3. When sewing it is best to place the brim next to the machine bed and the side section on top. Repeat for lining.

5. Turn the hat lining wrong side out and place inside the hat. Sew the brims together with a long stitch about 1/8" from the edge. When placing lining inside the hat, position the lining seams on opposite sides of the hat seams. Matching the seams on hat and lining creates too much bulk.

6. Place prefolded bias tape on the brim edge and stitch in place. When nearing the end, fold under

the tape about 1/4" and overlap the raw end of the tape where you began sewing.

HINT: Notice that one side of the bias tape is wider than the other. Place the wide side on the bottom and sew with the narrow side up. For a smooth finish do not pull on tape, just place the tape over the brim edge and sew a couple inches at a time slowly working your way around the brim.

EMMIT/PATRICK CAP

1. Sew bill WRST and turn right side out. Top stitch 1/4" from edge.
2. Insert cardboard guide into bill and stay stitch.
3. WRST sew bill to one cap band to bill matching notches on each.
4. WRST sew second cap band around edge where the bill way sewn. Turn right side out and stay stitch unfinished band edges together.
5. Gather cap crown to fit cap band.
6. WRST sew cap crown to cap band. Turn right side out.
