

# NATIONAL BODY ARMOR

## Corporate Overview

National Body Armor is a small business and government vendor with an expansive inventory of armor products, knowledgeable staff, and personalized customer service. We protect law enforcement, Federal employees, elected officials and many more. Our company is known for:

- ✓ 100% of our armor inventory is made in America
- ✓ All armor is Certified by the National Institute of Justice
- ✓ We offer standard size and custom size vests

We support commercial, local, state, and federal contracts.

## Our Mission & Corporate Overview

Our mission is to save lives. Our vision is to sell the highest quality products at affordable prices without compromising our commitment to service. Service is paramount at National Body Armor. Every order comes with a fit guarantee and a standard two-year warranty on carriers and five years on armor. Manufacturing in the USA allows us to manage the quality of product you receive. National Body Armor is an American owned and operated business.
