LUXURY ULTRA WIDE PLANK FLOORING

Northern
WIDE PLANK

MAKE AN IMPRESSION

Crafted and curated for the most exclusive interiors that aspire to push the boundaries of luxury, Studio Reserve was created to bring you the next level of exclusivity in specialty wide plank flooring.

The raw wood is uniquely cut from some of the oldest trees in order to acquire this reserve of ultra wide and long planks. Once these logs have been cut each plank is crafted and meticulously finished one at a time in our workshop.

DISCOVER A CLASSIC & TIMELESS ELEGANCE

Ultra wide plank hardwood flooring instantly creates a classic and timeless appeal that can complement a variety of interior styles, from traditional to modern. XL planks add a touch of elegance and sophistication to any space.

STRUCTURALLY BALANCED CONSTRUCTION

Northern Wide Plank's Studio Reserve North American made, ultra-wide plank products are constructed using a three-layer engineered format called PureCraft, consisting of an oak (North American white oak or European oak) top wear layer, a core made up with thick cross-grain solid hardwood slats, and a bottom oak layer, creating a structurally balanced product that will stand the test of time.

THE EXTRAORDINARY REDEFINED

With planks up to 480 mm (18.9") Wide and 3658 mm (12') long, these XL planks are constructed for ultimate durability and to showcase the refined grain of the oak.

A 3 layer construction, provides maximum stability in these ultra wide planks and allows for the installation on concrete and over in floor radiant heating.

EXCLUSIVE BY DESIGN

Located in Schomberg, Ontario, our facility is situated on 14 acres of beautiful Canadian land, where generations of our family have worked, lived, and grown a deep respect for the natural landscape. From this rich history, we discovered our future: creating stunning engineered hardwood floors that uphold our generations-long commitment to quality, sustainability, and craftsmanship.

For over 30 years Northern Wide Plank has sought the globe, sourcing one of a kind wood that is designed and crafted to inspire the creation of beautiful spaces that exceed our clients expectations. As a family owned and operated business, the work we produce is more than a product—it's a piece of art and history that we have the luxury of sharing with our clients. Each plank that leaves our facility is a culmination of the skill, experience, and craftsmanship that we've built up year after year in our tireless pursuit of excellence.

From a small family team to one that now reaches across Canada and the US, our growth, like our products, is rooted in staying true to our core values; craftsmanship, integrity, exceptional quality, and outstanding customer care.
