

The SD12 is a dual arm desktop monitor mount designed for screens weighing up to 22 lbs (10 kg). Built to fit securely on the edge of your desk, this versatile mount has two arms that are capable of swiveling 360 degrees and tilting 180 degrees, allowing you to position your screens exactly where you want them. Its horizontal support arms can also

be easily adjusted to place your monitors at eye-level, and come with a series of cable management clips to keep your work area clutter-free. Economic and effective, the SD12 is the perfect mounting solution for your home or office environment.
